Online Test-No-3 Marks 25

1. Tranquilizer is a -----functional drug (1 point)

- CNS
- antipyretic
- antidibetics
- anti inflammatory

2. ----- is an antimalarial drug (1 point)

- Tolbutamide
- isoniazide
- phenobarbitone
- proguanil

3. -----is tranquilizer drug. (1 point)

- Propazine
- dettol
- paracetamol
- all of these

4. Malaria is caused by the bite of ----- (1 point)

- Male anopheles mosquito
- ant
- Female anopheles mosquito
- bee

5. ----- is anticonvulsant drug

(1 point)

- noctal
- theobromine
- phenacetin
- paludrin

6. -----is antibacterial drug

(1 point)

- Luminal
- prontosil
- noctal
- propazine

7. Which of the drug is an antibiotic -----

(1 point)

- Paludrin
- isoniazide
- D(+) chloromycetin
- ibuprofen

8. There is increased concentration of glucose in blood called as -----

(1 point)

- glucosuria
- hyperglycemia
- metabolite

insulin

9. 1. An ideal drug must not induce -----in the body (1 point)

Curative action

hunger

resistance

all of these

10. Cardiac drugs are those used to treat -----disorder (1 point)

lung

heart

body ache

respiratory

11. ----- is antifungal drug (1 point)

Nystalin

Diethy ether

propazine

paracetamol

12. -----is antiseptic drug. (1 point)

caffeine

Diethy ether

propazine

cholamine-T

13. Benzyl cyanide and diethyl carbonate are needed to synthesized----- (1 point)

tolbutamide

- endosulphon
- Phenobarbitone
- Chloromycetin

14. 1. ----- is hypnotics drug (1 point)

- Veronal
- dettol
- Aspirin
- paracetamol

15. Sulphanilamide is called as structural analogue of ----- (1 point)

- benzene
- ether
- PABA
- paludrin

16. Typhoid , typhus is cured by ----- (1 point)

- isoniazide
- D(-) chloromycetin
- ibuprofen
- D(+) chloromycetin

17. ----- is antituberculosis drug (1 point)

- Ethanebutol
- dettol
- paracetamol
- Paludrin

18. -----drug is CNS stimulant (1 point)

- phenacetin
- Diethy ether
- vioform
- theobromine

19. Sulpha drug is a-----

(1 point)

- substrate
- inhibitor
- enzyme
- alkaloids

20. Guanidino group is present in-----

(1 point)

- Paludrin
- antidiabetic
- isomazide
- Aspirin

21. The drug used to manage inflammation are called as----- drug

(1 point)

- Antihistamine
- antipyretics
- Anti-inflammatory
- Antimalarial

22. -----drug is CNS stimulant

(1 point)

- phenacetin
- Diethy ether
- vioform
- theobromine

23. -----is anesthetics drug.

(1 point)

- Luminal
- Diethy ether
- propazine
- noctal

24. Antipyretic is a drug used to -----

(1 point)

- Lower body temperature
- control sleep
- induce sleep
- elevate body temperature

25. ----- is a antineoplastic drug

(1 point)

- tolnaftate
- propazine
- melphalan
- noctal
